<b>Idea Cluster</b>	<b>Sticky Notes (Ideas)</b>	<b>Color</b>	<b>Notes</b>
<b>Smart Order Form (Selected)</b>	All swimsuit options in one page; Auto calculates delivery	Green	Selected as main concept (3 votes).
<b>Order Tracker Dashboard</b>	Elsa sees workload by day; Clients track order progress;	Yellow	Helps visualize production capacity.
<b>Catalog Gallery</b>	Customers browse swimsuit styles; Filter by color or cut; Preview fabric	Pink	Improves inspiration and choice clarity.
<b>Quick Reply System</b>	Pre-set DM templates; Auto answers common questions; Reduces	Blue	Simplifies communication through automation.
<b>Delivery Slot Calendar</b>	Show available sewing slots; Client books delivery date; Avoids	Yellow	Improves time management and transparency

## **Voting Summary**

The “Smart Order Form” received the most votes (3) during the ideation workshop. It was chosen as the leading concept for prototyping due to its strong balance between efficiency and personalization. This concept allows clients to easily submit swimsuit preferences while giving Elsa an automated view of her production schedule.

## **Visual Layout Notes (for Figma version)**

- White digital board with sticky notes in five colors (green, yellow, pink, blue).
- Each idea cluster grouped visually with titles and short text.
- Red vote dots beside the selected “Smart Order Form.”
- Minimalist style, clean typography, rounded note shapes.
- Export format: A3 horizontal or 1920x1080 frame.
